

Round Table Games Pandemic Legacy: Season 1 Play-It-to-Win-It League

What is this?

Pandemic Legacy is currently the #1 rated game on boardgamegeek.com. We love the idea of legacy games (you actually change the game board as you play and each game affects the next) and wanted a way that players could try it out.

How it works

Cost	\$3 to play each session (which represents 1 or more in-game months)
Duration	The “season” will last 12 – 14 sessions.
Standings	Recorded by leader board
Rules	Compiled FAQ: https://boardgamegeek.com/thread/1470601/compiled-faq-spoilers-hidden-each-month-hidden-sep Rulebook: http://www.zmangames.com/uploads/4/7/1/7/47170931/en-pandemic-legacy-rules_lr.pdf
Requirements	We need a minimum of 2 players but a maximum of 4. We will be playing the game "destructively"
Frequency	Depends on player availability.
Scoring	Player score will be base on attendance. The game has its own sort of scoring system for the team playing.
Rewards	At the end of the last session we will give the opened and player-modified game to one of the players who has played during the Legacy “season.” Your chances to win the game are equal to the number of sessions you played. All other players will be able to apply the money they paid to play the season toward the purchase of a copy of the game if they wish.
